

# The Best Days

Sam Feldt

I, I believe  
That the answer is more simple than we make it out to be  
And you, you're just like me  
Always end up in the places that we're not supposed to be

Ooh  
Yeah, we get lost sometimes, I know  
But always get where we need to go  
Ooh  
Yeah, we get lost sometimes, I know

They say the best days are yet to come  
But I know that ain't true  
When the world gets the worst of me  
I'm still my best with you  
We don't stare into the ocean  
We just dive into the blue  
They say the best days are yet to come  
But I know that ain't true

Oh love, we're livin' in it  
Oh love, we're livin' in it  
I'm still my best with you

I, I believe  
We can answer all our problems with a simple melody  
So sing, sing to me  
Sing a song for every moment, what we had and what will be

Ooh  
Yeah, we get lost sometimes, I know  
But always get where we need to go  
Ooh  
Yeah, we get lost sometimes, I know

They say the best days are yet to come  
But I know that ain't true  
When the world gets the worst of me  
I'm still my best with you  
We don't stare into the ocean  
We just dive into the blue  
They say the best days are yet to come  
But I know that ain't true

Oh love, we're livin' in it  
Oh love, we're livin' in it  
I'm still my best with you  
Oh love, we're livin' in it  
I'm still my best with you
