

The Confession

Sam Feldt

'Cause it feels like died and went to heaven
When you touched me, got me lying to the reverend
If to love you means to hell that I'll be heading
Then guess I'm a sinner man

Feels like I just died and went to heaven
When you touched me, got me lying to the reverend
If to love you means to hell that I'll be heading
Then guess I'm a sinner man

Guess I'm a sinner man
Guess I'm a sinner man

Oh, sinner man
Where you gonna run to?
Oh, sinner man
Where you gonna run to?

Oh, sinner man
Where you gonna run to?
Oh, sinner man
Where you gonna run to?

Where you gonna run to?
Where you gonna run to?

Feels like I just died and went to heaven
When you touched me, got me lying to the reverend
If to love you means to hell that I'll be heading
Then guess I'm a sinner man

Feels like I just died and went to heaven
When you touched me, got me lying to the reverend
If to love you means to hell that I'll be heading
Then guess I'm a sinner man

Guess I'm a sinner man
Guess I'm a sinner man

Oh, sinner man
Where you gonna run to?
Oh, sinner man
Where you gonna run to?

Oh, sinner man
Where you gonna run to?
Oh, sinner man
Where you gonna run to?

Feels like I just died and went to heaven
When you touched me, got me lying to the reverend
If to love you means to hell that I'll be heading
Then guess I'm a sinner man

Guess I'm a sinner man
Guess I'm a sinner man
