

The Riddle

Sam Feldt

Down in
Down in riddle of love
Down in
Oh, like a riddle
Down in
Down in riddle of love
Down in
Oh, like a riddle

My mind's saying I can't get a break with anyone
My heart's saying I'm one step away, don't give it up
Oh, I'm tired of living, so tired of living with no one to lean on
And I don't wanna finish, don't wanna finish alone

Like a riddle, like a riddle
I know we're tired but I'll work it out
Like a riddle, like a riddle
From the outside, it looks so easy now
What did I miss in the fall, I'll admit
That for me, it's such a riddle
Like a riddle, like a riddle
Oh, deep down in the riddle of love

Down in
Down in riddle of love
Down in
Oh, like a riddle
Down in
Down in riddle of love
Oh, deep down in the riddle of love

Down in
Down in riddle of love

Deep down in the riddle of love (like a riddle)
Down in
Down in riddle of love
Down in
Oh, like a riddle
Down in
Down in riddle of love
Oh, deep down in the riddle of love

Tell me, somebody tell me, am I the only one
Broken like an emotion of love, barely holding on?
Oh, I'm tired of living, so tired of living with no one to lean on
And I don't wanna finish, don't wanna finish alone

Like a riddle, like a riddle
I know we're tired but I'll work it out
Like a riddle, like a riddle
From the outside, it looks so easy now
What did I miss in the fall, I'll admit

That for me, it's such a riddle
Like a riddle, like a riddle
Oh, deep down in the riddle of love

Down in

Down in
Oh, like a riddle
