

# Unwanted

Sam Feldt

Under old street lights  
Baby I'm still high when you're with me  
After all this time  
Got me satisfied just breathing

I wish you were there  
All the words that I don't say  
I wish [?] the last thing that I want  
Is to make you feel

Unwanted  
Unwanted  
'Cause I want that  
Don't forget  
'Cause your touch on me is the one I need  
Don't want you to ever feel you're  
Unwanted

Baby I still want it  
Baby I still want it  
Baby I still want it  
Baby I still want it

Looking through my eyes  
Can you see all my sincerity?  
Put your hand in mine  
Anytime you need some clarity

I wish you were there  
All the words that I don't say  
I wish [?] the last thing that I want  
Is to make you feel

Unwanted  
Unwanted  
'Cause I want that  
Don't forget  
'Cause your touch on me is the one I need  
Don't want you to ever feel you're  
Unwanted

Baby I still want it  
Baby I still want it
