

You Should Know

Sam Feldt

I can't shut off this silence
When I feel he's done you wrong
I've been watching it so long
I can't hold back, I tried it
I can't look the other way
There's only so much I can take

I know I'm in your space and I need to say to your face
There's nobody who should be loving you that way

Yeah, I know it's not my place
Yeah, I know it's not my place
But I'll go out of my way to let you know
Yeah, I know it's not my place
But I'll tell you anyway
And I'll go out of my way 'cause you should know

Ba-ba-ba-da ba
Ba-ba-ba-ba-da ba
Ba-ba-ba-ba-da ba
Ba-ba-ba ba ba
Ba-ba-ba-da ba
Ba-ba-ba-ba-da ba
Ba-ba-ba-ba-da ba
Ba-ba-ba ba ba

I feel you've been misguided
I'm just tryna make you see
That you keep coming back to me
It's time to stop the lying
You don't tell yourself the truth
When it's right in front of you

I know I'm in your space and I need to say to your face
There's nobody who should be loving you that way

Yeah, I know it's not my place
Yeah, I know it's not my place
But I'll go out of my way to let you know
Yeah, I know it's not my place
But I'll tell you anyway
And I'll go out of my way 'cause you should know

Ba-ba-ba-da ba
Ba-ba-ba-ba-da ba
Ba-ba-ba-ba-da ba
Ba-ba-ba you should know
'Cause you should know
