

# Lean

Sam Fischer

You look better than me in my shirt  
The way it falls to your knees like a skirt  
Stayed out too late last night now we don't need the world  
We just need some peace and quiet  
Somewhere to find ourselves

But first thing's first, wanna get you out them clothes  
Next thing I'm gonna do is make you feel beautiful  
Then touch you delicately and feel you lean into me  
Yeah

Just lean  
Into me  
Just lean  
Into me

I'm stumblin' back to bed in the light  
Need water for my head, it's on fire  
Oh I can't believe the mess we made  
We suddenly did not behave last night  
But now it's all quiet  
Just you, me and our desire

But first thing's first, wanna get you out them clothes  
Next thing I'm gonna do is make you feel beautiful  
Then touch you delicately and feel you lean into me  
Yeah

Just lean  
Into me  
Just lean  
Into me

Just lean  
Into me  
Just lean  
Into me
