

Restless

Sam Fischer

So, it's barely been a couple minutes since you left
And you ain't gone too long
But anytime's alone
You're the only part of me I don't regret
That's why it feels so wrong
Tell me if I'm wrong

I know you think I'm wilin', wilin'
It's far from perfect timing, timing
And I just hate the silence
Yeah, I hate it all

I miss us, baby, when you're gone
And then last night make you
I know I'm crazy
No lullabies when I'm alone
I miss us, baby, when you're gone

Been smoking with my friends and making stupid jokes
No one round me laughs
You would probably laugh

I know you think I'm wilin', wilin'
It's far from perfect timing, timing
And I just hate the silence
Yeah, I hate it all

I miss us, baby, when you're gone
And then last night make you
I know I'm crazy
No lullabies when I'm alone
I miss us, baby, when you're gone

I miss us, baby, when you're gone
And then last night make you
I know I'm crazy
No lullabies when I'm alone
I miss us, baby, when you're gone

I miss us, baby, when you're gone
I miss us, baby, when you're gone
