

Smoke

Sam Fischer

Mama, sit down let me tell you some'
I know that you worry about me
Mama, I won't give you the runaround
So let me put your mind at ease
These streets, they lead me
To the green peace, that free speech

So I smoke to remind me that I won't ever get to see this day a
gain
'Cause nobody's getting younger
So I smoke 'cause she laughs at all my jokes when we're higher
than we've ever been
Going silent as we wonder what's it all for if it isn't for now
?
Open the doors and let it all out
So I smoke, yeah yeah I smoke
Yeah yeah I smoke

Mama, come over here and take a hit
I know you been kinda stressed
Three kids, Lord knows you been through some shit
You deserve a little rest
So breathe deep, take it slowly
And you'll see why this works for me

And I smoke to remind me that I won't ever get to see this day
again
'Cause nobody's getting younger
So I smoke 'cause she laughs at all my jokes when we're higher
than we've ever been
Going silent as we wonder what's it all for if it isn't for now
?
Open the doors and let it all out
So I smoke, yeah yeah I smoke
Yeah yeah we smoke
Yeah yeah we smoke
Yeah yeah yeah

Breathe deep, take it slowly
And you'll see why this works for me

And I smoke to remind me that I won't ever get to see this day
again
'Cause nobody's getting younger
So I smoke 'cause she laughs at all my jokes when we're higher
than we've ever been
Going silent as we wonder what's it all for if it isn't for now
?

Open the doors and let it all out
So I smoke, yeah yeah I smoke
Yeah yeah we smoke
Yeah yeah we smoke
Yeah yeah yeah
