

Closer

Sam Kim

As I lay my weary head
I imagine a time and place where people are dancing
They laugh and they sing of joy

As the sun comes down I see
All the stars cover the big blue night
Lullaby by for the moon
Say goodnight night, see you soon again

Oh I dream of peaceful days
No more wars to pray we come back home again
We don't have to say goodbye
Just a smile and goodnight see you again

It's not far away just a few steps ahead
Come with me
An eye for an eye makes us blind
So what do you see
It's closer it's closer it's closer than you think

Jamsi hadeon ireul meomchugo gogael deureo haneureul bwa
Saenggakboda meolli itjineun ana
Pyeonghwaroun maeum

Banbokdoeneun haruwa
Majuchineun eolguldeul
Mueotboda sojunghae
Yeogi neowa na
Pyeongbeomhan haru

It's not far away just a few steps ahead
Come with me
An eye for an eye makes us blind
So what do you see
It's closer it's closer it's closer than

We don't have to say goodbye
Just a smile and goodnight
Let us share a drink and dance
Sing a song we don't understand

A lullaby for those awake
A humble bow for those ain't
And a thank you hope to see you soon again

We don't have to say goodbye
Just a smile and goodnight
Let us share a drink and dance
Sing a song we don't understand
