Awkwardly, hi, hello
I asked you what you did today
We're walking together on this dark night
We talked for a bit
Then you asked me to hold your hand
You said it's cold and asked me to hug you
I don't know anymore
I don't know

You make me ponder alone
Wondering if you're thinking this
Wondering if you're giving me hints
Or if you're just playing with me
Which one is it?
I don't really know
I'm trying so hard
Cuz of you

I wanna know just tell me
If you really like me
What do I do?
I think I'm gonna go crazy
I need to snap out of it
What do I do?

You're going back and forth again
It's so frustrating
Where should I go?
I'm truly curious
Sometimes, I get annoyed
But just looking at your face
Makes me feel that you're mine

If you want me, if you love me
Baby, just tell me it's okay
During the day you're like this, at night you're like that
I can't solve your game
You said you liked me back then
What's up with texting me late at night
Here we go again
Back to the start
Oh what should I do

I wanna know just tell me
If you really like me
What do I do?
I think I'm gonna go crazy
I need to snap out of it
What do I do?

I wanna know just tell me
If you really like me
What do I do?
I think I'm gonna go crazy
I need to snap out of it
What do I do?

Either buy her favors till you're sure
Or just get mad and just get dumped
If you did this much of a simulation, you need to be direct
You keep drawing around her so there's no way she'll be sharp with you
I think she already gave you a sign

You need to tell her quicker than before
Don't be too overbearing but go straight
I know because I write lyrics- the truth works

Love is not an easy thing
You're probably bad at expressing it's okay
If you're good at it, confessing would seem like nonsense
If you draw a heart, you need to go through two hills
It may be painful but that pain feels good
Don't miss this chance
Go quickly, if it works out, get me dinner

I wanna know just tell me
If you really like me
What do I do?
I think I'm gonna go crazy
I need to snap out of it
What do I do?

I wanna know just tell me
If you really like me
What do I do?
I think I'm gonna go crazy
I need to snap out of it
What do I do?
