Can I run and hide
I'm stuck inside my memories
Step away from time
Take me to a place
Where I will never grow old

I'm tired everyday I'm thirsty for the rain
That waters all of my melodies
The needle in the sky
Never fails to light my night
And it sews my heart on my tattered sleeve

Oh please my heart is all for you
Just please take care of me I'm all for you

Take take take me all for you
Take take take me home to you
