Think about' you

Think about' chu

Think about' you

And I've been thinking about' chu

Think about' you

Yeah yeah

From some point baby

We didn't need to say a lot

We spent countless nights together

Beautiful days to come ahead, yeah

We were just attracted to each other baby

We were like magnets

When I first held your beautiful hand

I felt the love between you and me

Baby now, oh yeah

Wooh baby

Baby baby baby baby

I love you baby baby baby,

Oh yeah

Yes you are

Baby baby yes you are

Think about' you,

Think about' chu

Think about' you,

I've been thinking about' chu

When our heads touch the pillow

A warm smile spreads, yeah

When we look at each other and our hands touch

I hate time for going so quickly, yeah

Sitting in front of the burning fire

We see the smoke, yeah yeah

Overwhelmed, my mood goes up

We ride that smoke and fly

Yeah yeah yeah

All those days, I was alone baby

Days that were cold as ice

When I felt your smile at me

My heart was already a burning midsummer, yeah

There were times we hated each other baby

To the point where we didn't know if we were even dating

Every time, we listened to this song

Looked into each other's faces and smiled

I remember that once more

As I feel the love between you and me

Tonight, baby now

I feel it again, I feel it

My cheeks getting red

The night growing deeper, yeah

On this night growing deeper

Think about' you,

Think about' chu

Think about' you,

And I've been thinking about' chu

Think about' you, yeah yeah
