

# Battery Acid

Sam Nelson

You said, "It's too early in the morning to fight like this"  
Still got sleepy hands, you can't make a fist  
Honey, I'm not tryna hold your heart for ransom  
Yeah, I know, I can be a piece of shit and then some  
I said, "I just wanna talk", you just bite your lip

Well, if this is what you want  
You can go on and shut me out  
I'm tired of all this back-and-forth  
So if you're gonna leave me, fuck it, leave me now  
Feel like our love's been stuck on cruise control  
Through all these automatic-pilot days  
Well, here I am, pouring soda all over the dash and  
I'm just tryna get a reaction  
'Cause with battery acid  
Leaking on the road  
There's only so far we can go-oooh-oooh-oooh-oooh  
Ooh-oooh-oooh-oooh

You said, "It's too early in the morning to cry like this"  
Still got sleep in your eyes and you just can't see the point i  
n it  
Well, baby I'm not tryna make you feel like shit  
I'm trying to be honest, open up communication a bit  
I said, "I just wanna talk"  
But you just stay silent

Well, if this is what you want  
You can go on and shut me out  
I'm tired of all this back-and-forth  
So if you're gonna leave me, fuck it, leave me now  
Feel like our love's been stuck on cruise control  
Through all these automatic-pilot days  
Well, here I am, pouring soda all over the dash and  
I'm just tryna get a reaction  
'Cause with battery acid  
Leaking on the road  
There's only so far we can go-oooh-oooh-oooh-oooh  
Oh, ooh-oooh-oooh-oooh

Talk to me, talk to me, talk to me, talk to me  
Talk to me, talk to me, talk to me, talk to me, please
