

**SMF**

**Sam Palladio**

Queen of the dive in her ripped up jeans  
Kicking up dirt in her Louboutins  
Pearly whites with a T.Rex bite  
She's my little angel full of dynamite  
I wake up each day feeling like Lois Lane

Ooh she's a super mother fucker  
Ooh she's a super mother fucker

Running through the world like she's got 9 lives  
But when I wanna talk she's always got time  
Call her names and she'll walk right past  
But if you mess with me she's gonna kick your ass  
My better part she's got a big heart but she ain't no sucker

Ooh she's a super mother fucker  
Ooh she's a super mother fucker

Lifting me off the ground  
Nothing can keep her down  
Ooh she's a super mother fucker

Feels like I must have done something right  
To get to sleep next to her every night  
Cos I know

Ooh she's a super mother fucker  
Ooh she's a super mother fucker

Lifting me off the ground  
Nothing can keep her down  
Ooh she's a super mother fucker  
She got a big heart but she ain't no sucker  
She loves the clash but she hates Joe Strummer  
Lifting me off the ground  
I wake up to a Stone Cold Stunner  
Ooh she's a super mother fucker
