

Reflecting Light

Sam Phillips

Now that I've worn out
I've worn out the world
I'm on my knees in fascination
Looking through the night
And the moon's never seen me before
But I'm reflecting light

I rode the pain down
Got off and looked up
Looked into your eyes
The lost open windows
All around
My dark heart lit up the skies

Now that I've worn out
I've worn out the world
I'm on my knees in fascination
Looking through the night
And the moon's never seen me before
But I'm reflecting light

Give up the ground
Under your feet
Hold on to nothing for good
Turn and run at the mean dogs
Chasing you
Stand-alone and misunderstood

Now that I've worn out
I've worn out the world
I'm on my knees in fascination
Looking through the night
And the moon's never seen me before
But I'm reflecting light
