

# Under the Night

Sam Phillips

Tonight alone I know  
In the dark I can see  
What light can find under the night  
In the shadows and the leaves  
Hard lines changing shape  
In dreams the world is blue

You fast on not the truth  
Logic is improved  
Countries of fools  
Under the night

The shadows and the leaves  
Hard lines changing shape  
The world is blue  
Under the night  
Under the night
