Wolf Tracks

Sam Roberts

I've been standing on the edge of the world for days
And I can't see on ahead, through the empty pages
Wolf tracks drawing me in to an endless haze
Wolf tracks scattered by the wind
Keep calling me back again

I've been running with the pack
Now I've lost my way
And I can't find my way back
And a voice is saying
"Run for the hills and don't look back"
Now I'm following
These wolf tracks scattered by the wind
Yeah I'm following
These wolf tracks scattered by the wind

Standing on the edge of everything
Standing on the edge of everything

In the darkest times, we're running for the light
And in the hardest times, don't turn your back on the fight
There is another life, just take a step inside
There is no other life, so make the most of your time

These wolf tracks scattered by the wind
Scattered by the wind
These wolf tracks scattered by the wind
Scattered by the wind
These wolf tracks scattered by the wind
Scattered by the wind
These wolf tracks scattered by the wind
Scattered by the wind

We're on the edge of everything
We're on the edge of everything
We're on the edge of everything
We're on the edge of everything

In the darkest times, we're running for the light
And in the hardest times, don't turn your back on the fight
There is another life, just take a step inside
There is no other life, so make the most of your time
