

Better Man

Sam Ryder

You're the moon
In the dark
Got me acting wild, got me working hard
Natural
Work of art
You ain't gotta try 'cause I'm already yours

And I couldn't run a mile in your shoes
Couldn't pay my dues like you do
Or look as half as good as you if I tried to
And baby, you know I'd die to

'Cause you love me like I'm better than I am
All your love is making me a better man
All your love is making me a
Better, better, better man
Ooh, tryna give it to ya the best I can
Oh, living up to the one you think I am
All your love is making me a
Better, better, better man

You're a dream
Knock me out
You pick me back up when I'm down
Hey, what's that about?
What you need?
Say the word
Tryna give back to you all that you deserve

And I couldn't run a mile in your shoes
Couldn't pay my dues like you do
Or look as half as good as you if I tried to
And baby, you know I'd die to

'Cause you love me like I'm better than I am
All your love is making me a better man
All your love is making me a
Better, better, better man
Ooh, tryna give it to ya the best I can
Oh, living up to the one you think I am
All your love is making me a
Better, better, better man

'Cause you love me like I'm better than I am
All your love is making me a better man
All your love is making me a
Better, better, better man
Ooh, tryna give it to ya the best I can
Oh, living up to the one you think I am
All your love is making me a
Better, better, better man

Ooh, tryna give it to ya the best I can
Oh, living up to the one you think I am
I like that, oh you think
Better, better, better man
