# OK

**Sam Ryder**

Always knew that it would end up like this
I was broken and you couldn't be fixed
Nails dig into the palm of your fist
Waiting for tears when they didn't exist

It was OK, it was OK
Tell ourselves it was OK, it was OK
Tell ourselves it was OK, it was OK
Tell ourselves it was OK, it was OK

All the baggage that you brought when you left
All the lovers that I couldn't forget
All of the years I was beating my chest
All the confessions muttered under our breath

It was OK, it was OK
Tell ourselves it was OK, it was OK
Tell ourselves it was OK, it was OK
Tell ourselves it was OK, it was OK

Maybe it's for the best
But right now I'm slipping off the edge
Falling down and trying to catch my breath
From running out

They say it heals in time
So countdown the seconds in my mind
Before all the stars have left our eyes
I need you now

I was running to keep up with your pace
I always read the room a little too late
Was never perfect in the space that we made
Wish my phone would ring and it would be you saying

We're OK, we'll be OK
Tell me we'll be OK, we'll be OK
Tell me we'll be OK, we'll be OK
Tell me we'll be OK, we'll be OK

Maybe it's for the best
But right now I'm slipping off the edge
Falling down and trying to catch my breath
From running out

They say it heals in time
So countdown the seconds in my mind
Before all the stars have left our eyes
I need you now

To tell me that we're OK, that we're OK
I don't think we're OK, that we're OK
I don't think we're OK, that we're OK
I don't think we're OK, that we're OK, yeah
