

Olympic '89

Sam Ryder

Show me what nobody else sees
Twisted up inside of your sheets
Desert wind and Joshua trees
Living just for moments like these

We could do this all night
Running from the bright lights
Don't wanna jinx it, but tonight
Think the future looks nice

Where I see us heading next
Wagoneer way out west
Olympic '89 spec
If I took a wild guess
Orion shining over head
Whispering beneath our breath
Slowly kissing my neck
If I took a wild guess
If I took a wild guess

Show me what nobody else sees
Twisted up inside of your sheets
Jasmine air and Joshua trees
Living just for moments like these

Look at you, all bright-eyed
It's like we see the whole sky
Don't wanna jinx it, but tonight
Think the future looks nice

If I took a wild guess
Of where we're gonna go next
It's all just kinda timeless
And damn, I kinda like this
If I took a wild guess
Of where we're gonna go next
It's riding into sunsets
If I took a wild guess

Where I see us heading next
Wagoneer way out west
Olympic '89 spec
If I took a wild guess
