

SPACE MAN

Sam Ryder

If I was an astronaut
I'd be floating in mid-air
And a broken heart would just belong
To someone else down there
I would be the center
Of my lonely universe
But I'm only human
And I'm crashing down to earth

I'm up in space, man
Up in space, man
I've searched around the universe
Been down some black holes
There's nothing but space, man
And I wanna go home

If I was an astronaut
I'd speak to satellites
My navigation systems
Would search for other life
But I'd be up here thinking
'Bout what I left behind
'Cause I'm only human
With the real world on my mind

I'm up in space, man
Up in space, man
I've searched around the universe
Been down some black holes
There's nothing but space, man
And I wanna go home

Gravity keeps pulling me down
As long as you're on the ground I'll stick around
Stick around
I'll stick around

I'm up in space, man
Up in space, man
I've searched around the universe
Been down some black holes
There's nothing but space, man
No

I've searched around the universe
Been down some black holes
Nothing but space, man
And I wanna go home
