

Whirlwind

Sam Ryder

Whirlwinds are simple to enter
But once you're sucked in
They're hard to leave
Time or tide or heavy weather
Come whatever
Girl, you cling to me

So far as tying you down
That's more than I could do now
So let's ride on the breeze
Fly spirals with me

Cause you're a whirlwind
Oh, girl you're a whirlwind
And I'll go wherever you're
Wherever you're going, you're going

I knew the moment I met you
You were gonna sweep me off my feet
Told you that night by the river
You're the whisper blowing through the trees

So far as tying you down
That's more than I could do now
So let's ride on the breeze
You can fly spirals with me

Cause you're a whirlwind
Oh, girl you're a whirlwind
And I'll go wherever you're
Wherever you're going, you're going

Whoa, ouh woah
Whoa, ouh woah
Whoa, ouh woah
I'm all in...

Cause you're a whirlwind
Oh, girl you're a whirlwind
You're a whirlwind

Cause only you lift up
Everything you touch
20, 000 feet above the ground
And when it gets too much
I still feel your love
And I know I'm never coming down

Cause you're a whirlwind
Oh, girl you're a whirlwind
