

# Aphrodite

Sam Short

I don't wanna be loved, I just wanna get fucked  
I don't wanna get hurt, I just wanna get some  
So use your hands to touch my body  
Use your words to say you want me

Don't know your name but I follow you blindly  
Little liquor and chase, and you look shiny (Shiny)  
Three drinks in and I'm wasted  
Double that and I'm naked  
And I don't even know what your face says  
But let's face it

You've got a body and you're like me  
On my knees, I'm Aphrodite  
Call me dirty, say it nicely  
Just don't ever call me wifey  
'Cause you know  
Know I don't

I don't wanna be loved, I just wanna get fucked  
I don't wanna get hurt, I just wanna get some  
So use your hands to touch my body  
Use your words to say you want me

That's a man with some broken values  
I know that I gotta have you  
Pull me closer and tell me that you'll take me there  
He's good in the wrong ways  
Money his parents made  
A man who can't be saved  
I like them best that way

I don't wanna be loved, I just wanna get fucked  
I don't wanna get hurt, I just wanna get some  
So use your hands to touch my body  
Use your words to say you want me

(I don't wanna be loved, I just wanna get fucked)  
I don't wanna be loved, I just wanna get fucked  
I don't wanna be loved, I just wanna get-
