

puppy

Sam Short

Not a safe bet but you're all in
Taking you for granted and you take it on the chin
Always pick up when I'm calling
Taking all the drama just to take me for a-
Spin, spin, spin for me
I'm insane but you're into me
I tell you who you wanna be, I do

It's me who's got you on a leash
Who's got it pretty sweet
And it's you

It's you, it's you who's right beside me
It's you, it's you who can't deny me
And when I'm lost you come and find me
Honey, honey, honey
It's you, it's you who shouldn't like me
You're better off with someone shiny
But still you love me, love me blindly
Like a puppy

Don't know why you're sticking around
When you kiss me, when you kiss me I've got blood in my mouth
Oh, I'm tricky, oh, I'm tricky but you figured me out
Yeah, you figured it'd be quicker just to give me the crown
You're down, down, down for me (You're down for me)
Your favorite liability
I know you know you'll never leave, it's true

It's me who's got you on a leash
Who's got it pretty sweet
And it's you

It's you, it's you who's right beside me
It's you, it's you who can't deny me
And when I'm lost you come and find me
Honey, honey, honey
It's you, it's you who shouldn't like me
You're better off with someone shiny
But still you love me, love me blindly
Like a puppy

It's me who's losing it (It's me)
It's me who's bruised and bent (It's me)
It's me who's out my mind
But you don't mind, you're heaven-sent
(It's me)
It's me who's on the edge (Oh-oh)
With one foot off the ledge (Oh)
But still you haven't left
It's you

It's you, it's you who's right beside me
It's you, it's you who can't deny me
And when I'm lost you come and find me
Honey, honey, honey
It's you, it's you who shouldn't like me

You're better off with someone shiny
But still you love me, love me blindly
Like a puppy
