

# Dance ('Til You Love Someone Else)

Sam Smith

(Dance, dance, dance, dance, dance, dance, dance)

Thought I'd buried you and I  
But I have diamonds in my eyes  
Such a bitter tear to cry  
You're still ruining my life  
I'm not over it  
I'm not over it

I remember every taste  
If I get a little wasted  
I can almost see your face  
Such a dark and lonely place  
I'm not over it  
Someone, get me over it

And come find me  
Wrap your arms around me, baby  
They say you can't fall out of love till you love someone else  
Where you been hiding  
When my heart's been slowly breaking?  
They say you can't fall out of love till you love someone else

Till then  
Guess I'll dance (Dance, dance, dance, dance, dance, dance)  
Guess I'll dance (Dance, dance, dance, dance, dance, dance)  
Till then  
Guess I'll dance (Dance, dance, dance, dance)  
Guess I'll, guess I'll dance (Dance, dance, dance)  
(Dance, dance, dance, dance, dance)

Can't forget the way you move me  
Try and drown you in the music  
Hold my breath and close my eyes  
Gotta drag you out of my mind  
Still not over it  
Someone, get me over it

And come find me  
Wrap your arms around me, baby  
They say you can't fall out of love till you love someone else  
Where you been hiding  
When my heart's been slowly breaking?  
They say you can't fall out of love till you love someone else

Till then  
Guess I'll dance (Dance, dance, dance, dance, dance, dance)  
Guess I'll dance (Dance, dance, dance, dance, dance, dance)  
Till then  
Guess I'll dance (Dance, dance, dance, dance)  
Guess I'll, guess I'll dance (Dance, dance, dance)  
(Dance, dance, dance, dance, dance)

I've never been this low  
Feel so out of control  
Throw down a miracle  
Sip on your holy ghost

I've never felt this low  
Cry like an animal  
Sadness is beautiful

So confide in me  
Wrap your arms around me, baby  
They say you can't fall out of love  
They say you can't fall out of love  
Where you been hiding  
When my heart's been slowly breaking?  
They say you can't fall out of love till you love someone else

Guess I'll dance (Dance, dance, dance, dance, dance, dance)  
Guess I'll dance (Dance, dance, dance, dance, dance, dance)  
They say you can't fall out of love till you love someone else  
(Dance, dance, dance, dance, dance, dance)
