

# Heavenly Sent

Sam Smith

Oh  
Baby you're all that I need  
Thank you for everything  
Through all the bad times you never let go  
There ain't soul that compares  
Must be an angel in there  
Feels like a warm night  
Whenever you're close

You never fail  
You never leave  
Baby you're always steady for me  
You never pained  
You were my strength  
Baby wherever you came from must be heavenly sent

When I am caught up in fear  
You are the voice that I hear  
Somehow you heal me with every word  
You were the truth that I need  
You are my clarity  
You are a sanctuary whenever I'm hurt

You never fail  
You never leave  
Baby you're always steady for me  
You never pained  
You were my strength  
Baby wherever you came from must be heavenly sent

You never fail  
You never leave  
Baby you're always steady for me  
You never pained  
You were my strength  
Baby wherever you came from must be heavenly sent
