

# Deep Down And Deep

Sam Sparro

I want a love that's clean  
Like a washing machine  
But a little bit dirty  
Won't you please don't hurt me

I want a love that's not mean  
One to fill me up like a truck  
With some gasoline

...

I want a love that keeps me satisfied  
Not a love that makes me cry  
Because the well's run dry

A love that loves my body  
and soul, my mind  
Is it really that hard to find?

Somebody  
I want to fall deep down and deep (8x)  
Down

I want a love that knocks me out  
With a one punch wonder  
Leave you laying there on the floor  
And then a little bit more

I want a love that makes me stop  
Makes my heart go pop  
Makes my body drop to my knees  
Oh, please don't make me beg

I want a love that makes my toes curl up in my shoe  
Without the blues

...

Fuck what ya heard

I want a love that leaves a dent in my bed  
and thoughts in my head  
Makes my cheeks go red  
Did you hear what I said?

I want to fall deep down and deep x8  
Down

I can't get no sleep  
Cuz I wanna fall deep  
...

I can't get no sleep  
Cuz I wanna fall deep  
...

I want to fall deep down and deep (8x)
