Though you may feel it, you will not fall down

You may feel you are about to fall, but you will find you can embrace this danger as a useful disorientation

Explore a new view of yourself

A new you, a new view of yourself

A new you, a new view of yourself

A new you, a new view of yourself

A new you, a new view of yourself

A new you, a new view of yourself

Ready or not

Feel it (Feel it, feel it, feel it, feel it, feel it, feel it)

Feel it (Feel it, feel it, feel it, feel it, feel it, feel it)

Feel it (Feel it, feel it, feel it, feel it, feel it, feel it)

Oh, you're outta your mind
