Break
Free

Pressure comin' down, comin' down, comin' down on me
Feel it all around, fallin' down, fallin' gravity
I can't take no more, take no more, come and set me free
Pressure comin' down, comin' down, comin' down on me

I just gotta break (break)
Break the feelin' (break)
Break the ceilin' (break)
Break me out, and
Take (take)
Back my freedom (free)
Find a reason (be)
To be here now

Pressure comin' down, comin' down, comin' down on me
Feel it all around, fallin' down, fallin' gravity
I can't take no more, take no more, come and set me free (eh, yeah-yeah)
Pressure comin' down, comin' down, comin' down on me

I just gotta break (break)
Break the feelin' (break)
Break the ceilin' (break)
Break me out, and
Take (take)
Back my freedom (free)
Find a reason (be)
To be here now

Take it away
Take it away
Take it away
Take it away
