

# Antisocial

Sam Tinnesz

I use to go to parties  
I use to drive my car  
I use to talk to people  
I use to really wanna be a rock star

But now my weekdays turn into weekends  
Can't differentiate the morning from the evenings  
To hell with YOLO  
I got no FOMO  
Notifications all disabled on my phone

You make me  
Antisocial  
My neighbors think I'm dead  
I'm slipping off the grid  
Not seeing anybody  
Antisocial  
Don't know what day it is  
I'm losing all my friends  
But saving so much money  
The best description of my current mood  
Is I think I hate everybody but you  
Antisocial you're making me  
Antisocial

Tell em I joined the circus  
Tell em that I changed my name  
Tell em it was a crisis  
And I jumped out the window panes

Is this the good life having no life?  
Not posting any pictures getting no likes  
To hell with YOLO  
I got no FOMO  
Notifications all disabled on my phone

You make me  
Antisocial  
My neighbors think I'm dead  
I'm slipping off the grid  
Not seeing anybody  
Antisocial  
Don't know what day it is  
I'm losing all my friends  
But saving so much money  
The best description of my current mood  
Is I think I hate everybody but you  
Antisocial you're making me  
Antisocial

Antisocial  
But I think I like it  
I think it like it  
Yeah

Antisocial  
My neighbors think I'm dead

I'm slipping off the grid  
Not seeing anybody  
Antisocial  
Don't know what day it is  
I'm losing all my friends  
But saving so much money  
The best description of my current mood  
Is I think I hate everybody but you  
Antisocial you're making me  
Antisocial
