

Colossus

Sam Tinnesz

Let's go

You cannot break me
This is for glory, this is what made me
Do it bigger than the navy
Lion heart, you can't cage me, nah
Outta this world the level I'm on
You want it? Come on, I'm really the one
Any given day, dusk till dawn
A bone to pick, I'm breaking 'em all
I'll reign forever, here come the storm
Prepared or not, you have been warned
Sound the alarm, the legend's arrived
Ready to rock, ready to ride
Take a look in my eyes
Go crazy when I do this
Leave you toothless with my two fists
I'm bullheaded and ruthless
War ready, I was born ready
On target, I hold it steady
Remember my name, you never forget me
I do it for legacy, this is my energy

Rough and ruthless
Bringing the ruckus
Nothing can stop this
I'm the new colossus
Down and dangerous
Coming in fearless
Nothing can stop this
I'm the new colossus

Coming in massive
I'm the new colossus
Coming in massive
I'm the new colossus

How could you end me?
You just a man, do not offend me
Please do not tempt me, leaving you empty
Full of that envy, do not befriend me
Know who your enemies are
You just a bird, I am a star
Look at my scars that cover my flesh
Demolish the odds and beat 'em to death
This is my destiny, calling my name
Walk through the fire, consuming the flames
A militant mind in dangerous times
A land mine if you cross that line
I gotta have it, last one laughing
Bringing the madness, ashes to ashes
Doing it massive, ready to go
I am the baddest, whoa

Rough and ruthless
Bringing the ruckus
Nothing can stop this

I'm the new colossus
Down and dangerous
Coming in fearless
Nothing can stop this
I'm the new colossus

Coming in massive
I'm the new colossus
Coming in massive
I'm the new colossus

Taking hits, I'll walk through fire
All this pain, it takes me higher
Taking risks, I'll walk the wire
All this pain, it takes me higher

Rough and ruthless
Bringing the ruckus
Nothing can stop this
I'm the new colossus
Down and dangerous
Coming in fearless
Nothing can stop this
I'm the new colossus

Coming in massive
I'm the new colossus
Coming in massive
I'm the new colossus
The new colossus
