Daredevil

Skeleton bones
Rattle up the scene
Hole for a soul
Don't try to scream
I'm high, no lie
Don't try to tell me what to do this time
Adrenaline dripping in a new IV
Little bit of blood in between the teeth
Don't play these games
Dying like a phoenix and I'm catching flames

Tik tok, tik tok
Ha ha
Wires crossed
You say I'm doomed
But I can't stop

I don't give a damn
I don't give a damn
I don't give a damn
I'm a daredevil
They don't understand
They don't understand
Never understand
I'm a daredevil

Flick my cigarette
I'm riding off the edge
I don't give a damn
I don't give a damn
I don't give a damn
I'm a daredevil

9 lives lost
Still got 1 up my sleeve
Can't say no
It's a savage disease
Don't mind if I die
Hope to God I'm going fast on my funeral ride

Tik tok, tik tok
Ha ha
Wires crossed
You say I'm doomed
But I can't stop

I don't give a damn
I don't give a damn
I don't give a damn
I'm a daredevil
They don't understand
They don't understand
Never understand
I'm a daredevil

Flick my cigarette
I'm riding off the edge
I don't give a damn
I don't give a damn
I don't give a damn
I'm a daredevil
