

You can tell us that we're just a bunch misfits  
Always leaning into danger just to risk it  
Chasing down the wild sensations  
Just to fuel a heart that's racing

Can you feel the blood pumping through  
Time to set this beast on the loose

We're not afraid to get our hands a little dirty  
Dirty dirty  
We're not afraid to get dirty  
Dirty dirty  
Not afraid to get dirty

What's the fun in it if ain't nobody's watching  
When they think I'm in the ground I got the plot twist  
Rising up like a force of nature  
Save the mud on my sleeves for later

Can you feel the blood pumping through  
Adrenaline like flames on the move

We're not afraid to get our hands a little dirty  
Dirty dirty  
We're not afraid to get dirty  
Dirty dirty  
Not afraid to get dirty

Ohhhh ohhh ohhh  
Boy you better watch out  
Ohhhh ohhh ohhh  
We're coming for it all now

Ohhhh ohhh ohhh  
Boy you better watch out  
Ohhhh ohhh ohhh  
We're coming for it all now

We're not afraid to get our hands a little dirty  
Dirty dirty  
We're not afraid to get dirty  
Dirty dirty  
Not afraid to get dirty  
Dirty dirty  
We're not afraid to get dirty  
Dirty dirty  
Not afraid to get dirty
