

# Fighter

Sam Tinnesz

Brick and mortar, blood and water  
Goin' harder, firestarter  
Freak of nature, minor major, never falter  
There's a rumble in the jungle I ain't running from my life  
They say that winners never quit  
'Cause how else would I get the prize?  
See the trophy, yeah, I want it  
I can't wait to reach the summit  
They can't even see it coming  
This ain't a threat, it's a promise  
I been floating like a butterfly  
That's word up to Muhammad  
Time for blowing up atomic, hey-yeah

That's how you know I'm a fighter  
I push through the pain, rise from the flames  
That's how you know I'm a fighter  
You won't see me quit, no, I'm not giving in  
That's how you know I'm a

Whoa, fighter, whoa, fighter, whoa, fighter  
Whoa, fighter, fighter

I can feel the desperation  
All my dogs can smell the fear  
If you ain't ready for the belly  
Why you even coming here?  
They been waiting for the end  
Before the game even begins  
And I've been fighting for my soul  
For my family, for my friends  
I ain't ever giving up  
'Cause everyday this world spins  
Everyday the clock ticks  
'Til we're all gone with the wind  
Now I'm taking off the gloves  
It's too late to play pretend  
They might try to knock me out, but I'ma win

That's how you know I'm a fighter  
I push through the pain, rise from the flames  
That's how you know I'm a fighter  
You won't see me quit, no, I'm not giving in  
That's how you know I'm a

Whoa, fighter, whoa, fighter, whoa, fighter  
Whoa, fighter, fighter

Even though I might get down, they ain't getting in my way  
Even though I might get down, they ain't getting in my way  
Even though I might get down, they ain't getting in my way  
They ain't getting in my way  
Even though I might get down, they ain't getting in my way  
Even though I might get down, they ain't getting in my way  
Even though I might get down, they ain't getting in my way  
They ain't getting in my way

That's how you know I'm a fighter  
I push through the pain, rise from the flames  
That's how you know I'm a fighter  
You won't see me quit, no, I'm not giving in  
That's how you know I'm a fighter  
I push through the pain, rise from the flames  
That's how you know I'm a fighter  
You won't see me quit, no, I'm not giving in  
That's how you know I'm a

Whoa, fighter, whoa, fighter, whoa, fighter  
Whoa, fighter, whoa, fighter, whoa, fighter
