

# Genius

Sam Tinnesz

It's the lifestyle  
I live it  
However I feel it  
You know I gonna get it  
With me, yeah, you winnin'  
So fierce  
So hot  
So good we ain't gon' stop  
Click, click  
It's on lock  
You see me?  
Consider it brought

Do you see this?  
Whoa, huh  
You see this?  
That's what I call genius

Beautiful stroke of genius  
Leave 'em all so speechless  
Oh, wow  
Uh-huh  
That's what I call genius

Like the new Einstein  
Galaxy brain  
Bright lights  
Got that formula  
Watch me go  
Step right up  
Enjoy the show  
Electricity in my veins  
So supercharged in my brain  
I'm here to change the game  
Look, here comes the future

Do you see this?  
Whoa  
You see this?  
That's what I call genius  
Yeah  
Beautiful stroke of genius  
Ah-ha, so genius  
Leave 'em all so speechless  
Whoo  
Oh, wow, uh-huh  
That's what I call genius

Modern simplicity  
Got that good energy  
Let me see, let me see  
That's what I call genius  
Modern simplicity  
Got that good energy  
Let me see, let me see  
That's what I call genius

Beautiful stroke of genius  
Leave 'em all so speechless  
Oh, wow, uh-huh, uh-huh  
That's what I call genius
