

# Going All In

Sam Tinnesz

Let's go

They call us daredevils  
We don't hold back  
Take it to a new level  
Got a fire that lasts (Whoo)

Burnin' and burnin' and burnin'  
Wheels turning and turning and turning  
Like a hammer to hot metal  
We break through the glass

Revolution it's a revolution  
Revolution it's a revolution

We're going all in (Oh oh oh oh oh oh oh oh)  
We're going all in (Oh oh oh oh oh oh oh oh)  
Give it one shot give it all you got  
Pushin' full speed don't stop  
We're going all in (Oh oh oh oh)  
We're going all in

Yeah

Pushin' that pedal down to the floor  
Gasin' it up a little bit more  
This kind of wild can't be tamed  
'Cause we live for the crazy feeding this flame yeah

Revolution it's a revolution  
Revolution it's a revolution

We're going all in (Oh oh oh oh oh oh oh oh)  
We're going all in (Oh oh oh oh oh oh oh oh)  
Give it one shot give it all you got  
Pushin' full speed don't stop  
We're going all in (Oh oh oh oh)  
We're going all in

I came to conquer so I'll do what it takes  
Soldier miles to be good then claw for inches to great

There ain't a legend in history  
That was easily made  
There was passion and vision  
That you could nail with stake

There's a monster inside  
But you gotta open the gate  
Let your will becomes a god  
That you will never forsake

On the path to Olympus  
This is where it begins  
Full speed to the limit  
Cause we're going all in

We're going all in (Oh oh oh oh oh oh oh oh)  
We're going all in (Oh oh oh oh oh oh oh oh)  
Give it one shot give it all you got  
Pushin' full speed don't stop  
We're going all in (Oh oh oh oh)  
We're going all in

Yeah yeah yeah yeah  
Let's go let's go  
Get ready for it

Yeah yeah yeah yeah  
Let's go let's go (Going all in yeah)  
Going all in
