

Indestructible

Sam Tinnesz

The world's stepping into chaos

What does it take
They want me to break
They want me to fold
They want me to lose I'm stuck on my own

They're just waiting to betray us

Who can I trust
They want my soul
I cannot fall
I cannot stall
I want it all
I wanna know

Well you better say your prayers

'Cause it all falls down
When the night creeps in
And the lights go out again
But I'll be there 'til the end

Oh
Feel indestructible
I am the animal
About to take control
Oh
No fear inside the blaze
I'm stronger than the flames
Can't stop, so here I go
I'm indestructible

Lambs turning into lions

I wanna roar
Show 'em my teeth
Settle the score
Gimme some more
Gimme some more

Are you ready for the riots?

All in the streets
Rich and the poor
Reaching the peak
What do you see
What do you want
What is it for?

Throwing boulders at Goliath
'Til it all falls down
And we take that crown
And we reign like champions
Gonna be here 'til the end

Oh

Feel indestructible
I am the animal
About to take control
Oh
No fear inside the blaze
I'm stronger in the flames
Can't stop, so here I go
I'm indestructible

Coming out swinging and I won't back down
I don't back down
Coming out swinging and I won't back down
Through hell or high water
Push on like a soldier
Coming out swinging and I won't back down
I won't back down

I'm indestructible
I'm indestructible
I'm indestructible
I'm indestructible
