

Made A Monster

Sam Tinnesz

I'm a monster

I used to be the nice guy
Used to take the high road, no more no more
I used to follow your rule
Used to keep a my cool, no more no more

Oh oh oh
You painted me in villainy
Oh oh oh
What a bad thing

You made a monster
You made a monster
Now the trouble's coming back it's gonna haunt ya
You wanted a monster
You got a monster
No I'm never gonna stop until I want to
Look at me now
I'm a monster

Look at me now

I'm a monster

It didn't have to be like this
No no
But once the venom hit my lips
Oh Lord
Be careful child cause what you wish
Is what you'll get from me

Oh oh oh
You painted me in villainy
Oh oh oh
Now I'm a bad seed

You made a monster
You made a monster
Now the trouble's coming back it's gonna haunt ya
You wanted a monster
You got a monster
No I'm never gonna stop until I want to
Look at me now
I'm a monster

Look at me now

I'm a monster

I'm a monster

You made a monster
You made a monster
Now the trouble's coming back it's gonna haunt ya
You wanted a monster
You got a monster

No I'm never gonna stop until I want to
Look at me now
I'm a monster

Look at me now
Look at me now
Look at me now
Look at me now

I'm a monster
