

# Madman

Sam Tinnesz

Voices in my head  
Turn me wicked from within  
Something waking from the depths  
A madman, madman  
Finding who I am  
Now the curtain's paper-thin  
There's a monster in my skin  
I am a madman, a madman

I am, I am, I am, I am a madman  
I am, I am, I am, I am a madman

I've tried to keep  
All my vices locked silence  
But this halo on my head  
Slowly getting bent  
For all to see

You won't believe  
The bad intentions, quick dissension  
Coming out of me  
I'm hungry like a beast  
There's no hiding

Voices in my head  
Turn me wicked from within  
Something's waking from the depths  
A madman, madman  
Finding who I am  
Now the curtain's paper-thin  
There's a monster in my skin  
I am a madman, madman

I am, I am, I am, I am a madman  
I am, I am, I am, I am a madman  
I am, I am, I am, I am a madman  
Madman, madman

The mercury in my veins  
Is pulling me into the flames  
The mercury in my veins  
Is rising, rising  
The mercury in my veins  
Is pulling me into the flames  
The mercury in my veins  
Is rising, rising

I am, I am, I am, I am a madman  
I am, I am, I am, I am a madman
