

Maniac

Sam Tinnesz

Red sun on the edge of the horizon
Inside I'm feeling something rising
I'd slow down but I know that I can't
This could be my last chance

Heart racing now I need to dive in
No cage I'm leaving the asylum
I love that chaos in my hand yeah
Maybe I'm a madman

Watch me I'm a maniac
Can't stop me I'm a maniac

Riding on the rage
Feeding on the flames
That won't ever change
No
Maniac

My obsession is chasing down a new rush
One drop of adrenaline in my blood

Catch fire from the moment that I wake up
I guess it's in my nature

I've got a taste for the madness
So give me the gas and the matches
Too wild just running on the crazy
You could never stop me

Watch me I'm a maniac
Can't stop me I'm a maniac
Riding on the rage
Feeding on the flames
That won't ever change

Watch me I'm a maniac
Yeah I'll always be a maniac
Riding on the rage
Feeding on the flames
That won't ever change
No
Maniac

Maniac maniac
Maniac maniac
Maniac maniac
Watch me I'm a maniac

Watch me I'm a maniac
Can't stop me I'm a maniac
Riding on the rage
Feeding on the flames
That won't ever change
No

Watch me I'm a maniac

I'll always be a maniac
Riding on the rage
Feeding on the flames
That won't ever change
No

Maniac
Maniac
Watch me go crazy
