

Nicotine Buzz

Sam Tinnesz

Every time your lips leave a stain
Right here on my neck
Chemicals trigger my brain
Yeah it's like a

Hit I can't remember where I am
Spinning circles
Poison labeled heaven in a can
But damn it's worth it

Oh you're like my nicotine
This cigarette is killing me
But I just want you down inside my lungs
Oh they say you live and learn
I guess I'm stupid, eyes are burned
'Cause I just keep on staring at the sun
Looking for my nicotine buzz
Oh oh

Loving you is spit in the wind
Always blows back in my face
Doing it again and again
Tell me you relate

I find myself in the drive-through
Eating feelings
Crying to my exes, like a loser
Heart is bleeding

Oh you're like my nicotine
This cigarette is killing me
But I just want you down inside my lungs
Oh they say you live and learn
I guess I'm stupid, eyes are burned
'Cause I just keep on staring at the sun
Looking for my nicotine buzz
Oh oh
Looking for my nicotine buzz
Oh oh
Looking for my nicotine buzz

Oh you're like my nicotine
This cigarette is killing me
But I just want you down inside my lungs
Oh they say you live and learn
I guess I'm stupid, eyes are burned
'Cause I just keep on staring at the sun
Looking for my nicotine buzz
Oh oh
Looking for my nicotine buzz
Oh oh
Looking for my nicotine buzz
Looking for my nicotine buzz
Oh oh
Looking for my nicotine buzz
