This riot inside us
Is like fire they can't touch
Glory rests on our lips
This rebellion is so savage

It's so savage, savage, savage
It's so savage, savage, savage
Watch how we do this
No you can't stop it
Watch how we do this
No you can't stop it

Can you hear the fury
The tides now are turning
There's power in our veins
It's madness, so insane

It's so savage, savage, savage
It's so savage, savage, savage
Watch how we do this
No you can't stop it
Watch how we do this
No you can't stop it

7kingZ, yeah
Everything is glorious
We stand victorious
We do this for notorious rebels and warriors
The fire in me is higher than me
It's an eye for you eyeing me
I'm a king is a lion lying inside of me
It's no wonder the jungle can't take me under, I never slumber
Since younger this hunger struck me like thunder
Was it a strategy or tragedy, you can't be mad at me
I mastered it or did it master me into this world of savagery

You can't stop it
(Savage, savage)
You can't stop it
You can't stop it (savage)
Hey, hey, hey
(Savage, savage)
Yeah, yeah
(Watch how we do this)
You can't stop it
Hey (savage, savage)
You can't stop it
(Savage)
Hey, hey
Hey watch how we do this

You can't stop it
You can't stop it
You can't stop it
Hey, hey, hey
Yeah, yeah
(Watch how we do this)

You can't stop it
Hey
You can't stop it
You can't stop it
Hey, hey
Hey watch how we do this
