

Show You How It's Done

Sam Tinnesz

Let me show you how it's done
Let's go
Let me show you how it's done
Let's go

If you still ain't heard my name then let me give a proper summary
Work so hard that everybody's swears that there's a hundred mes
Endless pit inside my stomach, I still wake up Hungary
Ask me for my two cents and you'll end up with a money tree

The type to go a mile to get a few inches
I'm digging deep for every time I couldn't climb out of ditches
Over achievement when I win I'm fighting way past the finish
If practice makes perfect then my whole been is a scrimmage
Let's go

Let me show you how it's done
Let me show you how it's done
Get ready cause here I come
Here I come, here I come
Let me show you how it's done
Let me show you how it's done
Can't stop I'm on the run
I'm on the run

Let me show you
Let me show you how it's done

Winning 101, I can show you how it's done
Only thing I lose at's losing, they call that a smoking gun
The funny part about this run, I know that it's just begun
Working sweating bleeding, that's the only way I'm having fun

I'm the apprentice turned to master, I keep moving faster
Never seen in photos, I don't show up I'm like I'm Casper
Destroy the competition, but I'm acting humble after
Because if I made it rain it'd cause a natural disaster

Let me show you how it's done
Let me show you how it's done
Get ready cause here I come
Here I come, here I come
Let me show you how it's done
Let me show you how it's done
Can't stop, I'm on the run
I'm on the run

Let me show you
Let me show you how it's done

I'm going into overdrive
On the edge until I die
I'm going into overdrive
Need the rush to feel alive

I'm going into overdrive
On the edge until I die

I'm going into overdrive
Need the rush to feel alive

Let me show you how it's done
Let me show you how it's done
Get ready cause here I come
Here I come, here I come
Let me show you how it's done
Let me show you how it's done
Can't stop I'm on the run
I'm on the run

Let me show you
Let me show you how it's done
