

# Smoke & Trouble

Sam Tinnesz

I'm the leader of the black sheep  
Sometimes I think that the devil is inside me  
Dirty razor, I'm the bad seed  
I love to howl at the moon when it's rising

I was born this way  
Nothing gonna change that  
Don't care what they say  
Gonna light that match  
When the chaos starts  
You know I live for that  
Smoke and trouble  
I'm crazy on another level

Crazy on another level

Got TNT in my bones  
Every breath on the edge of going psycho  
They say that I'm a fallen angel  
They might be right 'cause I feel holy when I raise hell

I was born this way  
Nothing gonna change that  
I don't care what they say  
Gonna light that match  
When the chaos starts  
You know I live for that  
Smoke and trouble  
I'm crazy on another level

Crazy on another level

No rest for the wicked  
My heart's racing  
Guess I'm built different  
Love me, hate me

No rest for the wicked  
My heart's racing  
Guess I'm built different  
Love me, hate me

I'm crazy on another level  
Another level  
Another level  
Another level  
I'm crazy on another level  
Crazy on another level
