

Timeless

Sam Tinnesz

You make it look so look so
You make it look so timeless
You make it look so look so
You make it look so timeless

Mona Lisa got her on eyes this
Lil smile when the kick drum hit
So crisp, so bliss yea, just like this
Make Sinatra wanna croon with the mic on the lips

It's a blessing
Got me obsessing
Gold imagination
Keep the whole world guessing

Whatcha ya gonna do
Whatcha ya gonna do next
Show everybody
Give em all a little flex

You make it look so timeless
Rare like diamond
Can't stop shining
You make it look so timeless

You make it look so look so
You make it look so timeless
You make it look so look so
You make it look so timeless

You make it look so look so
You make it look so timeless
You make it look so look so
You make it look so timeless

So renaissance, so quintessen(ch)
Do it all big, can't believe the dimen(ch)

Swinging like King Kong
Swing for the fence
Hit that home run
Make it look so sen(tch)

Picasso
So bold
Soulful
Original
Beauty
To behold
Feeling oh so
Classical

You make it look so timeless
Rare like diamond
Can't stop shining
You make it look so timeless

You make it look so look so
You make it look so timeless
You make it look so look so
You make it look so timeless

You make it look so look so
You make it look so timeless
You make it look so look so
You make it look so timeless

Express yourself
Let the colors the melt
Got a story tell
Go express yourself
Express yourself
Let the colors the melt
Got a story tell
Go express yourself

You make it look so look so
You make it look so timeless
You make it look so look so
You make it look so timeless

You make it look so timeless
Rare like a diamond
Can't stop shining
You make it look so timeless
