

# Victorious

Sam Tinnesz

Oh oh oh  
Oh oh oh

Oh oh oh  
Oh oh oh

All in  
Like soldiers  
We don't play yeah we're ready for war  
The power  
Is taking over  
Need the glory coming back for more

Oh oh oh  
We got this  
Oh oh oh  
We can't be beat  
Oh oh oh  
We got this, watch and see

We'll be victorious  
We'll be victorious  
Ready for the battle  
Ready for the pain  
Only ones alive that can walk through the flames  
We'll be victorious  
We'll be victorious  
Coming for the kingdom  
Coming for the crown  
Nothing alive that can stop us now  
We'll be victorious  
Victorious

Fury  
Inside us  
Fired up got our eye on the prize  
Stone-cold  
Pushing forward  
All we know is do or die

Oh oh oh  
So savage  
Oh oh oh  
Got fighter's blood  
Oh oh oh  
So savage, we can't be touched

We'll be victorious  
We'll be victorious  
Ready for the battle  
Ready for the pain  
Only ones alive that can walk through the flames  
We'll be victorious  
We'll be victorious  
Coming for the kingdom  
Coming for the crown  
Nothing alive that can stop us now

We'll be victorious  
Victorious

We're victorious  
We're victorious

Ready for it, ready for it  
Ready for it, ready for it  
Ready for it, ready for it  
It's do or die, do or die

We'll be victorious  
We'll be victorious  
Ready for the battle  
Ready for the pain  
Only ones alive that can walk through the flames  
We'll be victorious  
We'll be victorious  
Coming for the kingdom  
Coming for the crown  
Nothing alive that can stop us now  
We'll be victorious  
Victorious
