

# We Need A Hero

Sam Tinnesz

There's darkness surrounding  
From all sides  
Our scarred hearts are pounding  
There's no time  
Face to face with the shadows rising now  
Up from the ground

Oooo  
Can't fight this alone  
Oooo

We need a hero  
We need a hero  
To get through the night  
Hold up the sky  
The world is out of control  
We need a hero

We need a hero  
We need a hero

The struggle seems endless  
No peace in  
A storm that's relentless  
Unleashing  
All of the fears we've held inside  
Are coming to life

Ooo  
Desperate for hope  
Ooo

We need a hero  
We need a hero  
To get through the night  
Hold up the sky  
The world is out of control  
We need a hero

We need a hero  
We need a hero

Just stay strong  
A little longer  
Stay strong  
Just hold on  
A little longer  
Hold on  
We need a hero

We need a hero  
We need a hero

We need a hero  
We need a hero  
To get through the night  
Hold up the sky

The world is out of control  
We need a hero

Hero, hero  
We need a hero  
Hero, hero

We need a hero
