

Wild Ones

Sam Tinnesz

Something wild
Breakin out the cage
Ready for the battle
Made for the flames
There's no rival
Standing in the way
Every legend's down for the chase

Can you feel the pressure rise (oh)
Everything is on the line
Now's the time

It's time to play with the wild ones
Ready or not
Here we come
It's time to play with the wild ones
Take your shot
Get it done
It's time to play with the wild ones

Climbing to the top
Never gets old
Everything we touch
Turns into gold

Can you feel the power rise (oh)
Revolution taking flight
It's do or die

It's time to play with the wild ones
Ready or not
Here we come
It's time to play with the wild ones
Take your shot
Get it done
It's time to play with the wild ones

Can you feel the pressure rise
Everything is on the line

It's time to play with the wild ones
Ready or not
Here we come
It's time to play with the wild ones
Take your shot
Get it done
It's time to play with the wild ones
