

# Drink

Sam Tompkins

If you love me won't you say something  
If you love me won't you, won't you  
If you love me won't you say something  
If you love me won't you, love me won't you

If you love me won't you say something  
If you love me won't you, won't you  
If you love me won't you say something  
If you love me won't you, love me won't you

Girl you know I need to think  
And you also know that I can't take it  
Girl my heart's about to sink  
'Cause I know that this shit ain't been working

And I know you like to drink, ah yeah  
But you've been going way too heavy  
Can't work out the missing link  
But I get the feeling we ain't ready

You've been going through my phone late up at night  
Tryna figure what I'm not tryna hide  
Don't even see that I [?] once in front of your eyes  
I ain't tryna be up on [?] telling you lies

And I ain't got no time to waste on this  
But I'm more than fine to take on shit if it's gonna happen  
Don't wanna be average  
This shit is savage, no  
Not overreacting  
Got these habits, oh  
Yeah, yeah, yeah

This shit has me falling apart for so long  
Fuck that we could make this right girl  
Was I wrong?  
Yeah, reminiscing on the days we found our songs  
Back then this is what we thought we wouldn't be, no

But it don't mean nothing  
If we can't be trusting each other when we speaking  
And I could love you [?] but I could count to three  
And I see this fall to pieces  
And I

No, you've been going through my phone late up at night  
Tryna figure what I'm not tryna hide  
Don't even see that I [?] once in front of your eyes  
I ain't tryna be up on [?] telling you lies
