

Easier

Sam Tompkins

I don't need to stay
But I'll sit here for hours
Waiting for the rain
To slowly stop the fire
Let's not say a word
Cause the silence speaks the loudest
It's all I've ever heard, mmh

It might be hard right now
But it gets easier
And I may lose myself
It might be hard right now
But it gets easier
And I may lose myself

Ooh, ooh
Ooh, ooh

I don't need to stay
But I'll sit here for hours
Waiting for the rain
To slowly stop the fire
Let's not say a word
Cause the silence speaks the loudest
It's all I've ever heard, mmh

It might be hard right now
But it gets easier
And I may lose myself
It might be hard right now
But it gets easier
And I may lose myself (myself)

Ooh, ooh (myself) (oh)
Ooh, ooh

I don't need to stay
But I'll sit here for hours
Waiting for the rain
To slowly stop the fire
